Re: Professional Referral / Recommendation
FPS Contracting, Inc., 58-30 Maspeth Avenue, Maspeth, New York 11378

To Whom It May Concern,

My name is Philip Mitropoulos. I am a practicing architect in New York City and sustaining member of the American Institute of Architects, New York Chapter with forty years of experience.

I am honored to provide this letter of reference and recommendation for FPS Contracting Inc. in Maspeth, Queens. I have worked on numerous projects with Frank, Peter, and / or Salvatore Alesci for more than the past twenty-five years. The projects have been of various sizes, complexity, and construction value. Throughout this time, they have demonstrated exceptional knowledge of construction methods and means, a commitment to quality, and a high level of professionalism.

Their work is completed with attention to required detail, and they have proven themselves as a valuable team member, seeing the project through completion and sign-off. Whether handling large-scale renovations or more specialized projects, the entire Alesci team and FPS Contracting have continually delivered outstanding projects.

They have earned my enthusiastic recommendation for construction or renovation needs.
